1/ Cài đặt nodejs

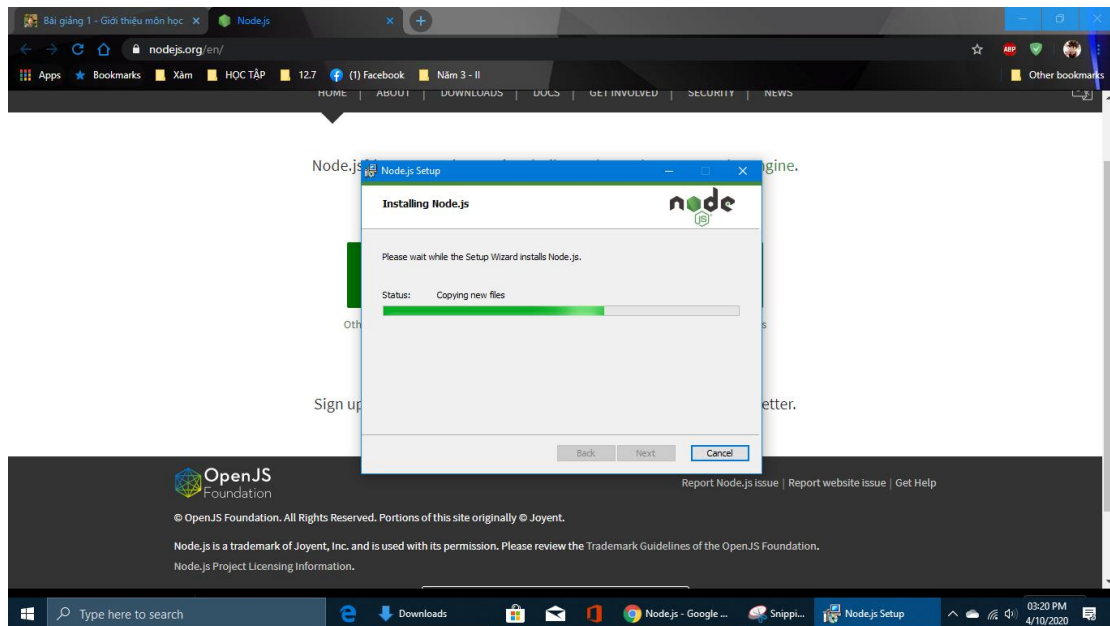

The image shows a screenshot of a Windows desktop with a Google Chrome browser open to the Node.js website (nodejs.org/en/). The website header includes the Node.js logo and navigation links: HOME, ABOUT, DOWNLOADS, DOCS, GET INVOLVED, SECURITY, and NEWS. Below the header, the text reads: "Node.js® is a JavaScript runtime built on Chrome's V8 JavaScript engine." The main content area features two green buttons for downloading Node.js for Windows (x64): "12.16.2 LTS Recommended For Most Users" and "13.12.0 Current Latest Features". Below these buttons are links for "Other Downloads", "Changelog", and "API Docs". A link to "Long Term Support (LTS) schedule" is also present. At the bottom, there is a link to "Sign up for Node.js Everywhere, the official Node.js Monthly Newsletter."

Overlaid on the website is the "Node.js Setup" window. The window title is "Node.js Setup" and it contains the Node.js logo. The text inside the window says: "Welcome to the Node.js Setup Wizard" and "The Setup Wizard will install Node.js on your computer." At the bottom of the window are three buttons: "Back", "Next", and "Cancel".

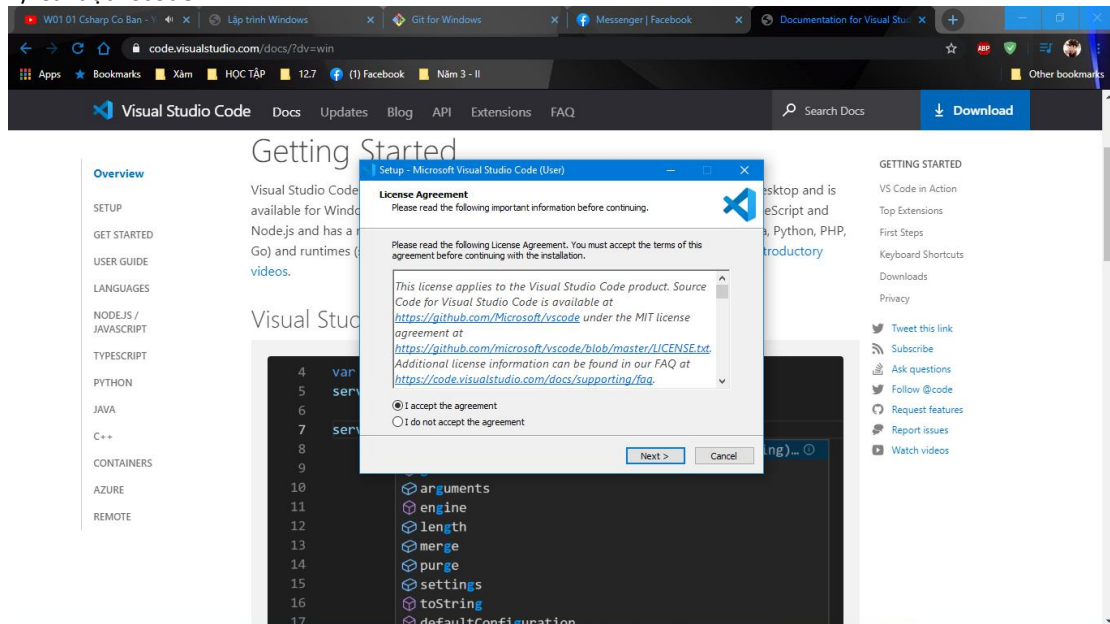

The Windows taskbar at the bottom shows the Start button, a search bar, and several pinned applications: Edge, Downloads, Mail, Node.js - Google C..., and Node.js Setup. The system tray on the right shows the date and time: 02:08 PM 4/10/2020.
